WHO AM I?

I thrive in a team environment:

Collaborating with likeminded people to gain different perspectives on a solution and growing as an individual.

I embrace and champion change:

Continuously modifying my way of thinking to improve my abilities as a software engineer and team member.

I enjoy taking responsibility:

Feeling empowered when my work is valued and going above and beyond to deliver results.

PROJECT EXPERIENCE

iTravel Project / 2018

Software Design / Java, JavaFX, SQL

- Designed an application for an airline company that allows its employees and customers to access and manage data pertinent to their roles (booking/cancelling tickets, adding flights etc.)
- Used Java and JavaFX to develop a GUI prototype for iTravel forms
- Created SQL database to manage data inputted through iTravel forms

Bitmap Imaging / 2018

Computer Science / C++
